Dear Laticia,

We are pleased to announce that BCRC Administrator, Inc. has officially been approved as Nationally Accredited for Administration of Drug and Alcohol Testing Programs (NAADATP) by the Drug and Alcohol Testing Industry Association. NAADATP status recognizes that your facility, operations and personnel meet the highest standards set by the leaders in the drug and alcohol testing industry. Congratulations on this great achievement.

Enclosed please find your official certificate, window decal, logo sheet and press release. Please display the certificate and decal in an area viewable by all your clients. Feel free to use the NAADATP logo and press release to distinguish BCRC Administrator, Inc. as a company committed to offering superior drug and alcohol testing program management services.

As a NAADATP provider, your company will be prominently displayed on DATIA's website. When a company searching for a provider in your area performs a search, your facility and its NAADATP status will be listed first.

Feel free to contact me if you have any questions about your NAADATP status at (800) 355-1257. Congratulations again.

Sincerely,

Kristina Queen
Programs Director

BCRC Administrator, Inc. Awarded Nationally Accredited For Administration of Drug and Alcohol Testing Programs Status

For Immediate Release:
August 1, 2016

Contact: Kristina Queen
(800) 355-1257

Alexandria, VA - BCRC Administrator, Inc. in Portage, IN has been officially recognized as Nationally Accredited for Administration of Drug and Alcohol Testing Programs (NAADATP) by the Drug & Alcohol Testing Industry Association (DATIA). This accreditation means that their facility, operations and personnel meet the highest standards in areas such as regulatory compliance, client confidentiality, accountability, company service standards, operational practices, business ethics, and professional competency for drug and alcohol testing program management. A primary requirement of the NAADATP Program is that principal(s) of BCRC Administrator, Inc. have attended comprehensive training on standards of program management and have passed an industry developed exam on these policies and procedures.

According to DATIA's Executive Director, Laura Shelton, "As a Nationally Accredited for Administration of Drug and Alcohol Testing Programs facility, BCRC Administrator, Inc.'s clients can be assured that they are committed to offering superior program services while adhering to the highest professional standards. We congratulate them on this achievement."

The Nationally Accredited for Drug and Alcohol Testing Program Management (NAADATP) program was created by quality-minded leaders in the drug and alcohol testing industry interested in raising the level of proficiency in drug and alcohol testing program management. This program aims at upholding the highest standards of program management in the company's operations and personnel.

For more information about the Nationally Accredited for Administration of Drug and Alcohol Testing Programs (NAADATP), visit the DATIA website at www.datia.org or call 1-800-355-1257, Monday - Friday, 9:00am - 5:00pm E.T.

STRIVING TO BE DRUG FREE FOR A SAFE INDUSTRY

August 8, 2016

To All,

It is with great enthusiasm and pride that we announce that the Building and Construction Resource Center has recently become recognized as one of only 45 nationally accredited Third Party Administrators (TPA) for drug and alcohol testing in the United States.

This accreditation is provided by the Nationally Accredited for Administration of Drug and Alcohol Testing Programs (NAADATP) and can only be achieved after confirming that our Policy meets or exceeds the nationally accepted and enforced criteria of the Drug and Alcohol Testing Industry Association (DATIA) and the Department of Transportation (DOT). It is also a requirement that the director of any program seeking accreditation attends an educational Drug Testing Management Course completes the NAADATP application and passes a written exam proving their competency as well as the competency of their staff. Through the efforts of the BCRC Staff, consisting of Marianne Nolan, Ashley Jones, Matt Bush and Kristina Walton, our joint effort, team approach and cross training made this possible and the accomplishment even more exciting and gratifying.

Both the NAADATP and DATIA have and maintain a program for verifying and testing to confirm that we continue to adhere to the guidelines and protocol for effectively managing a recognized TPA and the services offered to Participating Employers and Members. These verifications will be performed annually and, with continuing education, will determine our accreditation going forward.

I would like to thank the BCRC Staff and the Board of Directors for their support in reaffirming the BCRC as one of the best TPA's in the industry and now in the country, providing our Participants and Employers with screening, tracking and an Employee Assistance Program unparalleled in the construction industry.

Regards,

Tish Roach
Executive Director
BCRC Administrator Inc.
